PROFESSIONAL SUMMARY

Third-year CS Engineering student (CGPA: 9.158/10) - SIH 2025 National Top 5 Finalist - Proficient in Python and C++, with hands-on project experience in software development, ML pipelines, and system-level tools.

EDUCATION

Dr. D. Y. Patil Technical Campus, Pune

B.E. in Computer Science

Coursework: OS, DBMS, Machine Learning, Network Security, Cryptography

2023 – 2027

CGPA: 9.158/10

EXPERIENCE

Python Developer Intern

QSkill

Jan 2026 – Feb 2026

Remote, 2 months

Built and validated ML pipelines in Python (NumPy, Pandas) - CSV processing, house price prediction (92% accuracy), sentiment analysis on 10,000+ samples

Maintained clean, documented codebase using Git; tested outputs and debugged data pipeline edge cases

Cybersecurity Intern

Edunet Foundation

2025

Remote, 2 months

Built AESTego in Python - combined AES-128 encryption with steganography; wrote unit tests for edge cases across file types and sizes

Explored Linux system internals, process-level hardening, and log monitoring via a basic SIEM setup **SIH 2025 Finalist** Top 5 National (Healthcare App)

TECHNICAL PROJECTS

AESTego (2025) | Python, Docker, Git - Encryption + steganography tool; focused on modular design, unit testing (95%+ coverage), and cross-platform Docker deployment.

Network Intrusion Detection System (2025) | Python, TensorFlow, scapy - ML model for traffic classification; validated accuracy across attack datasets, analyzed false positives, explored packet-level debugging.

VaultX (2026) | React, TypeScript, Node.js, Express, Vite - Local-first exam prep tool for students; PDF text extraction, regex-based question detection, and Jaccard similarity clustering to identify repeated PYQ topics.

TECHNICAL SKILLS

Languages	Python (proficient), C++ (familiar), JavaScript, SQL, Bash
Tools & Cloud	Docker, AWS (EC2, S3), Git, pytest, Jupyter
ML & Web	NumPy, Pandas, TensorFlow, React, Next.js, Tailwind CSS
OS & Testing	Linux, shell scripting, unit testing, log analysis, debugging

CERTIFICATIONS & ACHIEVEMENTS

Google Cybersecurity Specialization (Coursera) | **IBM Cybersecurity Fundamentals** | **SIH 2025 Top 5 National Finalist** (Healthcare MedTech)
